

Do you want to work as an obstetrician in rural Western Ethiopia for minimum 4 weeks?

Maternity Worldwide (MWW): Independent organisation established in Denmark in 2005 with the aim of saving lives in childbirth www.maternityworldwide.dk

LOCATION: Gimbie Hospital

LOCATION COUNTRY: Ethiopia

TERM : 4-6 weeks

VOLUNTEER POSITION: Flights, insurance, vaccinations and accommodation paid

JOB DESCRIPTION:

MWW is working to improve women's reproductive health by reducing deaths in pregnancy and childbirth in West Wollega, Ethiopia, We are achieving this through a systematic and evidence based safe motherhood project.

Gimbie Hospital was established as an NGO hospital in 1947. It serves a population of half a million people. The number of births in the hospital has increased significantly to 1500/year since MWW became responsible for the obstetric service and started the village based safe motherhood initiative. The majority of the births are complicated (eclampsia, severe preeclampsia, ruptured uterus, maternal deaths, stillbirths, severe haemorrhages, craniotomies and obstetric fistula). MWW employ an Ethiopian obstetrician. As a short-term obstetrician you will aid the maternity team daily with training and the running of the hospital based component of the safe motherhood project in Gimbie

EXPERIENCE:

- Specialist in obstetrics and gynaecology
- Ability to exercise sound judgment and make decisions independently
- Creativity and the ability to work with limited resources
