

SCIENTIFIC PROGRAMME

TUESDAY 15 JUNE
PRE-CONGRESS WORKSHOPS

Room 20

0900-1200 **Workshop 1 Nordic Menopause Society (NOMS). Managing menopause: The contemporary view!**

Programme coordinators: Sven Olaf Skouby (DK), Anette Tønnes Pedersen (DK)

Faculty:

- Øjvind Lidegaard (DK): The Danish register studies
- Sven Olaf Skouby (DK): Is the pervasive fear among practitioners about the dangers of HT justified?
- Tom Tanbo (NO): Ovarian ageing
- Anette Tønnes Pedersen (DK): Does dose and administration form matter?
- Sven Olaf Skouby (DK): New perspectives: TSEC, estetrol and new progestins

Room 24/25

0900-1200 **Workshop 2 Hands-on obstetrics**

Educational Objectives: To provide a comprehensive description of skills in instrumental vaginal delivery, vaginal breech delivery, shoulder dystocia and management of post-partum haemorrhage. To facilitate discussions about current treatment of obstetrical complications between colleagues with different skills levels

Target audience: Trainees in obstetrics and gynecology as well as established gynecologists and obstetricians. We invite all categories from the youngest to the specialist par excellence as we aim for broad cooperative and interactive discussions

Faculty:

- Runa Heimstad (NO)
- Berglind Steffensen (IS)
- Isis Amer-Wahlin (SE)
- Lis Brooks (DK)

0900-1200 Workshop 3 Laparoscopic simulation

Objective: Simulation is becoming an inevitable part of surgical education in gynecology and obstetrics. This workshop offers a possibility to try various high- and low-tech simulators and provides some tangible methods for integrating simulation in laparoscopic surgery on a daily basis. This will be supplemented with methods on giving valuable surgical feedback

Target audience: All

Educational objectives: To use simulation combined with feedback as a learning method for skills training and to integrate this into a local training programme. What can the participants expect to learn? To get practical experience using simulators and gain an insight into giving effective feedback

Format: A combination of theoretical lectures combined with interactive work on simulators and assessing videotaped operations

Faculty:

- Christian Rifbjerg Larsen (DK)
- Jeanett Østergaard (DK)
- Jette Led Sørensen (DK)

0900-1200 Workshop 4 Functional anatomy of the pelvic floor

Target audience: Obstetricians, gynecologists, midwives, physiotherapists and other professionals involved in the treatment and care of women with obstetrical vaginal and perineal lesions as well as subsequent pelvic floor dysfunction

Learning objectives: To gain awareness of the functional anatomy of the female pelvic floor.

Methods of teaching: Demonstrations of anatomy using cadaveric specimens and 3D-animations.
Group discussions

Faculty:

- Karl Møller-Bek (DK)
- Søren Brostrøm (DK)
- Peter Holm-Nielsen (DK)

0900-1200 Workshop 5 Gynecological ultrasound. A clinical and hands-on oriented workshop

Target audience: Trainees in obstetrics and gynecology

Learning objectives: After the course the participants will know how to perform a gynecological scan and how to optimize the ultrasound image, they will recognize the ultrasound appearance of common uterine and adnexal lesions and they will know how to use ultrasound in the management of women with abnormal bleeding

Methods of teaching: Lectures with a lot of ultrasound images and video clips

Faculty:

- Lil Valentin (SE)
- Margit Dueholm (DK)

0900-1200 Workshop 6 Colposcopy

Objective: A comprehensive introduction to colposcopy, including indications, practical techniques, interpretation of findings and treatment strategies

Target audience: Trainees in obstetrics and gynecology

Faculty:

- Charlotte Søgaard (DK)
- Lone Kjeld Petersen (DK)
- Gitte Ørtoft (DK)

0900-1200 NFYOG workshop

Autologous transplantation of cryopreserved ovarian tissue is today conducted at several centres to restore fertility after gonadotoxic cancer treatment. Research is conducted towards introduction of uterus transplantation as a treatment for absolute uterine factor infertility. It is quite likely that these novel non-vital, but quality-of-life-enhancing types of transplantations will be part of the clinical choices in infertility treatment in the near future

Faculty:

- Mats Brännström (SE): Transplantation of female genital organs

1200-1300 Lunch break

1300-1600 Workshop 7 Nordic working group for adolescent sexual and reproductive health

Target audience: Trainees and specialists in obstetrics and gynecology as well as nurses and midwives with an interest in adolescent issues

Form: Plenary lectures, group discussions

Educational objectives: To gain awareness of the current obstacles in prevention of unwanted pregnancies in adolescents. To get new ideas in prevention of unwanted pregnancies and sexually transmitted diseases in adolescents. To gain knowledge regarding contraceptive methods suitable for young people

Faculty:

- Lena Marions (SE): What is NASH and why are we here?
- Dan Apter (FI): Nordic statistics – differences in abortion rate within the Nordic countries
- Lena Marions (SE): Legal aspects of prescription of contraceptives and of abortion in girls under 15 years of age
- Minna Joki-Erkkila (FI): Pregnancies in very young girls (possible crime, sexual disease guidance, first abortion)
- Anne Furedi (UK): Teenagers reproductive rights
- Charlotte Wilken-Jensen (DK): Results of a Danish questionnaire in 15 – 24-year old seeking abortion

Room 24/25**1300-1600 Workshop 8 Hands-on obstetrics**
Repetition of workshop 2**Room 16****1300-1600 Workshop 9 Laparoscopic simulation**
Repetition of workshop 3

1300-1600 Workshop 10 Repair of obstetrical perineal and anal sphincter lesions

Target audience: Obstetricians, gynecologists, midwives, physiotherapists, and other professionals involved in the treatment and care of women with obstetrical vaginal and perineal lesions as well as subsequent pelvic floor dysfunction

Learning objectives: To gain knowledge on evidence based diagnosis and treatment of obstetrical perineal and anal sphincter lesions

Methods of teaching: Demonstrations of diagnosis and therapy using 3D-animations and hands-on animal models. Group discussions

Faculty:

- Karl Møller-Bek (DK)
- Sara Kindberg (DK)
- Kristin Røssaak (DK)
- Søren Brostrøm (DK)

1300-1600 Workshop 11 Gynecological ultrasound

Repetition of workshop 5

1300-1600 Workshop 12 How to write a paper and get it published.**Faculty:**

- Reynir Tómas Geirsson (IS): Introduction. What is required for different types of articles?
- Reynir Tómas Geirsson (IS): The structured or non-structured abstract
- Margit Dueholm (DK): The material and methods
- Seppo Heinonen (FI): Presenting the results
- Eszter Vanky (NO): Discussing the findings and concluding from them
- Line Björge (SE) and Per Olofson (SE): Ideas of the audience and inter-active discussion
- Anne Eskild (NO) and Reynir Tómas Geirsson (IS): Dissecting and correcting an actual submitted article

1300-1600 Workshop 13 Severe haemorrhage at delivery**Faculty:**

- José Palacios-Jaraquemada (AR): Practical steps to solve severe postpartum bleeding
- Per Olofsson (SE): Placenta percreta – conservative treatment
- Jens Langhoff-Roos (DK): Placenta percreta – proactive intervention
- Anne Wikkelsøe (DK): Fibrinogen substitution - the need for an RCT
- Charlotte Holm (DK): Bloodtransfusion and mode of delivery
- Susanne Schiang (DK): Obstetric skills training – effect on severe postpartum bleeding
- Per Børdal (NO): Limitations in routine data collection – role of the medical birth registries
- Kathrine Birch (DK) and the Nordic Group: Nordic Obstetric Surveillance System – more than surveillance (preliminary results)

Chairs: Marie Søgaard (DENMARK), Seija Grenman (FINLAND)

Auditorium

0830-0945 PL01 Plenary 1 Screening in gynecological oncology

Welcome

0830 - PL01.1 The potential and challenges of ovarian cancer screening

Ian Jacobs (UNITED KINGDOM)

PL01.2 Should HPV-screening substitute cytology?

Joakim Dillner (SWEDEN)

0945-1030 Coffee break

Chairs: Ida Vogel (DENMARK), Bjørn Backe (NORWAY), Bo Jacobsson (SWEDEN)

Aud. 10

1030-1200 PS01 Parallel session 1 Obstetrical update: Preterm delivery

1030 – 1100 PS01.1 Antenatal magnesium sulfate and neurologic outcome in preterm infants

Lex Doyle (AUSTRALIA)

1100 - 1130 PS01.2 Antibiotics in preterm delivery

Sara Kenyon (UNITED KINGDOM)

1130 – 1200 PS01.3 Genetics in preterm delivery

Bo Jacobsson (SWEDEN, NORWAY)

Chairs: Aila Tiitinen (FINLAND), Kresten Rubeck Petersen (DENMARK)

Aud. 11

1030-1200 PS02 Parallel session 2 Gynecological update: Endometriosis. Fibroids. New treatment options

1030 – 1050 PS02.1 Enzymes of E2 synthesis/metabolism - a target for treating endometriosis and myomas

Antti Perheentupa (FINLAND)

1050– 1120 PS02.2 Endometriosis: Nonhormonal targets for new medical treatment for endometriosis

Thomas M. D'Hooghe (BELGIUM)

1120– 1140 PS02.3 Treatment of uterine myomas with embolisation of uterine vessels: possibilities and limitations

Kirsten Hald (NORWAY)

1140 – 1200 PS02.4 Robot-assisted laparoscopic (da Vinci) surgery in reproductive medicine *Jan Persson (SWEDEN)*

- 1030 -1200 PS03** **Parallel session 3 Free communications Gynecology**
- 1030 - 1040 PS03.1** **Influence of female obesity on long-term live birth rates after assisted reproductive technology – a prospective multi-centre cohort study of 544 couples**
Anja Pinborg (DENMARK), C Hougaard, A Nyboe Andersen, PK Andersen, J Boivin, L Schmidt
- 1040 - 1050 PS03.2** **Post-traumatic stress disorder (PTSD) after rape**
Anna Möller (SWEDEN), HP Soondergaard, M Hartig, L Helström
- 1050 - 1100 PS03.3** **Presentation of data and clinical results from a public sexological clinic during a three-year period**
Astrid Højgaard (DENMARK), L Kempf, R Pristed
- 1100 - 1110 PS03.4** **Botulinum toxin type A - a novel treatment for provoked vestibulodynia? Results from a randomized placebo-controlled double-blinded study**
Christina Damsted Petersen (DENMARK), A Giraldi, L Lundvall, E Kristensen
- 1110 - 1120 PS03.5** **Victim - assailant relationship: Injury pattern and legal outcome** *Cecilie Therese Hagemann (NORWAY), LE Stene, AK Myhre, K Ormstad, B Schei*
- 1120 - 1130 PS03.6** **Perinatal outcome of singleton siblings born after assisted reproductive technology and spontaneous conception. Danish national sibling-cohort study**
A-K A Henningsen, Anja Pinborg (DENMARK), Ø Lidegaard, C Vestergaard, JL Forman, AN Andersen
- 1130 - 1140 PS03.7** **Can the bleeding pattern during consecutive use of the LNG-IUS be predicted?**
Oskari Heikinheimo (FINLAND), P Inki, M Kunz, K Gemzell-Danielsson
- 1140 - 1150 PS03.8** **Influence of mode of anesthesia on outcome of fast-track hysterectomy**
Ninnie Borendal Wodlin (SWEDEN), L Nilsson, P Kjølhede
- 1150 - 1200 PS03.9** **Climate and health. Challenges for gynecologists**
Øjvind Lidegaard (DENMARK)

- 1200 – 1300** **Sponsored symposium 1 Reactivation of latent HPV infection. HPV - extragenital cancer Sanofi-Pasteur**
- 1200-1300** **News about HPV and vaccines: Genital and non-genital HPV-related diseases**
Ole Mogensen (DENMARK)

Chair: Charlotte Wilken-Jensen (DENMARK)

Aud. 11

1200-1300

Sponsored symposium 2 Contraceptive methods - what to choose? MSD

Long-acting contraceptive to whom and why?

Contraceptive counseling - experiences from CHOICE

Programme, Sweden

Louise Thunell (SWEDEN)

Future contraceptives - what can be expected?

Charlotte Wilken-Jensen (DENMARK)

1300 – 1330

Lunch break

Chairs: Sigurd Kulseng-Hanssen (NORWAY), Pia Sander (DENMARK)

Aud. 10

1330-1500

PS04

Parallel session 4 Surgery for urinary incontinence – the Nordic approach

1330– 1350

PS04.1

Pregnancy, delivery, and the pelvic floor – vaginal or caesarean?

Guri Rørtveit (NORWAY)

1350 – 1410

PS04.2

Retropubic, transobturator, or ‘mini’ – which sling is best?

Antti Valpas (FINLAND)

1410 – 1430

PS04.3

Concomittant prolapse and incontinence – colporrhaphy plus sling, or colporrhaphy plus wait-and-see?

Ellen Borstad (NORWAY)

1430 – 1450

PS04.4

Mixed urinary incontinence – drugs or surgery?

Søren Brostrøm (DENMARK)

Chairs: Marianne Johansen (DENMARK), Arnar Hauksson (ICELAND)

Aud. 11

1330-1500

PS05

Parallel session 5 Medical co-morbidity and reproduction

1330 – 1400

PS05.1

Prepregnancy counselling and pregnancy management with serious co-morbidity

Cathrine Nelson-Piercy (UNITED KINGDOM)

1400 – 1430

PS05.2

Assisted reproduction in the medically complicated patient

Nick S Macklon (NETHERLANDS)

1430 – 1450

PS05.3

Inflammatory bowel disease - fertility, pregnancy, and breastfeeding

Lisbet Ambrosius Christensen (DENMARK)

1330 -1500	PS06	Parallel session 6 Free communications Obstetrics - experimental approaches
1330 - 1340	PS06.1	Metformin during pregnancy in PCOS: results of a RCT <i>Eszter Vanky (NORWAY), S Stridsklev, R Heimstad, P Romundstad, K Skogøy, O Kleggetveit, S Hjelle, P von Brandis, T Eikeland, K Flo, KF Berg, SM Carlsen</i>
1340 - 1350	PS06.2	Metformin versus insulin in the treatment of gestational diabetes: a prospective randomised study <i>Hilkka Ijäs (FINLAND), M Vääräsmäki, L Morin-Papunen, R Keravuo, T Ebeling, T Saarela, T Raudaskoski</i>
1350 - 1400	PS06.3	The influence of parental history of diabetes on offspring birth weight and glucose metabolism in adulthood <i>M Jørgensen, Jeannet Lauenborg (DENMARK), P Damm, O Pedersen, T Hansen</i>
1400 - 1410	PS06.4	Short interpregnancy interval as a risk factor of spontaneous preterm labor due to low cervical collagen <i>Iben Sundtoft (DENMARK), S Sommer, N Ulbjerg</i>
1410 - 1420	PS06.5	Previous preeclampsia and risks of adverse outcomes in subsequent non-preeclamptic pregnancies <i>Anna-Karin Wikström (SWEDEN), O Stephansson, S Cnattingius</i>
1420 - 1430	PS06.6	Gene profiles in maternal blood during early onset preeclampsia and towards term <i>Berit Dahlstrøm (NORWAY), Y Esbensen, H Vollan, P Øian, G Bukholm,</i>
1430 - 1440	PS06.7	Elevated inflammation marker calprotectin in diabetic pregnancies <i>Meryam Sugulle (NORWAY), AS Kvehaugen, K Brække, AC Staff</i>
1440 - 1450	PS06.8	Microparticles and its relation to doppler studies in cases of preeclampsia <i>Mahmoud E Salem (EGYPT), S Zaki, SK Hussein, GM Helal</i>
1450 - 1500	PS06.9	Pregnancy after Roux-en-Y gastric bypass surgery <i>Alda Birgisdottir (ICELAND), BG Leifsson, H Hardardottir, RT Geirsson</i>

1500 – 1530 **Coffee break**

1530-1700	PL02	Plenary 2 Controversies in obstetrics and gynecology. An interactive session
		Contraception clinics: Where, how, who? Danish and Swedish attitudes and experiences <i>Lena Marions (SWEDEN), Charlotte Wilken-Jensen (DENMARK)</i>
		Prenatal diagnosis, what should be allowed? <i>Torvid Kiserud (NORWAY), Riitta Salonen (FINLAND)</i>

Chairs: Ulf Högberg (SWEDEN), Thea Lousen (DENMARK)

Auditorium

0830-0945	PL03	Plenary 3 Obesity and exercise
	PL03.1	Exercise in pregnancy <i>Bente Klarlund Pedersen (DENMARK)</i>
	PL03.2	Bariatric surgery: indications and reproductive outcomes <i>Roland Devlieger (BELGIUM)</i>

0945 – 1030 Coffee Break

Chairs: Peter Damm (DENMARK), Ove Axelsson (SWEDEN)

Aud. 10

1030-1200	PS07	Parallel session 7 Diabetes and pregnancy
1030 – 1050	PS07.1	New national outcome data on pregnancies in women with type 1 diabetes <i>Ulf Hanson (SWEDEN)</i>
1050 – 1110	PS07.2	Aggressive antihypertensive treatment of pregnant women with pregestational diabetes <i>Elisabeth R Mathiesen (DENMARK)</i>
1110 – 1130	PS07.3	Short-term risk of gestational diabetes mellitus- focus on large-for-gestational age and offspring body composition <i>Patrick Catalano (UNITED STATES)</i>
1130 – 1150	PS07.4	Gestational diabetes mellitus and implication for long-term offspring health <i>Tine Dalsgaard Clausen (DENMARK)</i>

Chairs: Kim Toftager-Larsen (DENMARK), Rolf Kirschner (NORWAY)

Aud. 11

1030-1200	PS08	Parallel session 8 Minimally invasive surgery in gynecology
1030 – 1050	PS08.1	New trends in laparoscopic surgery <i>Anton Langebrekke (NORWAY)</i>
1050 – 1110	PS08.2	Laparoscopic endometriosis surgery <i>Marjaleena Setälä (FINLAND)</i>
1110 – 1130	PS08.3	Optimal fibroid surgery <i>Olav Istre (NORWAY)</i>
1130 – 1150	PS08.4	Laparoscopic surgery in gynecological oncology <i>Ole Mogensen (DENMARK)</i>

1030 -1200 PS09

Parallel session 9 Free communications Obstetrics - delivery

1030 – 1040 PS09.1

Assisted reproduction is a stronger predictor of placenta previa than a previous cesarean section – A Danish national cohort study

Lone Nikoline Nørgaard (DENMARK), A Pinborg, Ø Lidegaard, T Bergholt

1040 – 1050 PS09.2

Strong association between maternal HPA1a alloimmunization and reduced birth weight

Heidi Tiller (NORWAY), MK Killie, A Husebekk, B Skogen, H Ni, J Kjeldsen-Kragh, P Øian

1050 – 1100 PS09.3

Childhood abuse, fear of delivery and c-section as preferred mode of delivery

Berit Schei (NORWAY), M Lukasse

1100 – 1110 PS09.4

CTG and ST analysis of the fetal electrocardiogram – reduction of metabolic acidosis rate during 5 years of regular use

Jørg Kessler (NORWAY), G Midbøe, F Macsali, S Albrechtsen

1110 – 1120 PS09.5

Association between adverse neonatal outcome and lactate concentration in amniotic fluid

Eva Wiberg-Itzel (SWEDEN), H Åkerud, U-B Wennerholm, E Andolf, L Hellström-Westas, B Winbladh

1120 – 1130 PS09.6

May ultrasound be used during labour?

Erik Andreas Torkildsen (NORWAY), KÅ Salvesen, TM Eggebø

1130 – 1140 PS09.7

A prospective multi-centre randomised comparison on induction of labour with double-balloon installation device versus prostaglandin 2 minprostin

Ellen Leth Løkkegaard (DENMARK), M Lundstrøm, M Mandrup, H Pedersen, IJ Christensen, H Nyholm

1140 – 1150 PS09.8

Severe bleeding in cesarean section – a registry-based study – Norway 1999-2008

Finn Egil Skjeldestad (NORWAY), P Øian

1150 – 1200 PS09.9

The relation between caesarean section rate and neonatal outcome in breech presentation at term

Julie Elisabeth Hartnack Tharin (DENMARK), S Rasmussen, L Krebs

1200-1300

Sponsored symposium 3 Estradiol in contraceptives Bayer-Schering

12.00-12.10

Welcome

Sven O. Skouby (DENMARK)

12.10-12.25

Estradiol vs ethinylestradiol in oral contraceptives

Bo von Schoultz (SWEDEN)

12.25-12.40	First oral contraceptive which deliver E2 <i>Ian Milsom (SWEDEN)</i>
12.40-12.55	Treatment of heavy menstrual bleeding <i>Inger Sundström Poromaa (SWEDEN)</i>
12.55-13.00	Closing and summary of meeting <i>Sven O. Skouby (DENMARK)</i>

Aud. 11

1200-1300	Sponsored symposium 4 Focus on urgency Astellas The neural control of micturition <i>Clare J. Fowler (UNITED KINGDOM)</i>
-----------	---

1200 – 1500	NFOG general assembly	Room 20
-------------	------------------------------	----------------

1300 – 1330	Lunch break
-------------	--------------------

Chairs: Erik Ernst (DENMARK), Juha Tapanainen (FINLAND) Aud. 10

1330-1500	PS10	Parallel session 10 Reproductive update: Developing trends in fertility treatment
-----------	-------------	--

1330 – 1400	PS10.1	Sperm banking in the 21st Century <i>Peter Bower (DENMARK)</i>
-------------	---------------	---

1400 – 1430	PS10.2	Does smoking, alcohol, coffee, and BMI affect fecundity and fertility? <i>Ulrik Kesmodel (DENMARK)</i>
-------------	---------------	--

1430 – 1500	PS10.3	Management of life habit changes – who and how? <i>Robert Norman (AUSTRALIA)</i>
-------------	---------------	--

Chairs: Anette Tønnes Pedersen (DENMARK), Jorma Paavonen (FINLAND) Aud 11

1330 -1500	PS11	Parallel session 11 Free communications. Gynecology - general and oncology
------------	-------------	---

1330 - 1340	PS11.1	Incidence, risk factors and severity of anal incontinence after obstetric anal sphincter rupture <i>Katariina Laine (NORWAY), FE Skjeldestad, B Sanda, H Horne, A Spydslaug, AC Staff</i>
-------------	---------------	---

1340 - 1350	PS11.2	Early faecal incontinence after fist delivery and its relation to ultrasound defects <i>Abelone Sakse (DENMARK), NJ Secher, M Starck</i>
-------------	---------------	--

1350 - 1400	PS11.3	Enterogenital fistulas: a 15 years material from Norway <i>Jone Trovik (NORWAY), K Torvid</i>
-------------	---------------	---

1400 - 1410	PS11.4	Endometriosis in Denmark 1980-2007. A national register survey <i>Øjvind Lidegaard (DENMARK), MVH Hansen</i>
-------------	---------------	--

- 1410 - 1420 PS11.5 **Complications after surgery on endometriosis - a comparative study**
Torbjörg Standal Skåravik (NORWAY), S Skrede, MH Moen
- 1420 - 1430 PS11.6 **Dargent's operation: the radical vaginal trachelectomy. Danish experience**
Danny Svane (DENMARK), H Rung-Hansen, J Seidelin, C Ottosen
- 1430 - 1440 PS11.7 **Growth-differentiation factor-15: a novel biomarker in ovarian cancer**
Anne Cathrine Staff (NORWAY), AJ Bock, C Becker, T Kempf, K C Wollert, B Davidson
- 1440 - 1450 PS11.8 **Ovarian cancer risk and postmenopausal estradiol-progestin therapy use**
Virpi Koskela-Niska (FINLAND), H Lyytinen, A Riska, E Pukkala, O Ylikorkala
- 1450 - 1500 PS11.9 **Endometrial cancer and postmenopausal hormone therapy: a case-control study on the risk associated with various forms of therapy**
Susanna Jaakkola (FINLAND), H Lyytinen, O Ylikorkala, E Pukkala

Chairs: Oskari Heikinheimo (FINLAND), Thomas Bergholt (DENMARK)

Aud. 12

- 1330 -1500 PS12** **Parallel session 12 Free communications. Obstetrics - pregnancy**
- 1330 - 1340 PS12.1 **Early fetal growth and first-trimester serum markers of chromosomal abnormalities in relation to low birth weight**
Ida Kirkegaard (DENMARK), TB Henriksen, N Uldbjerg
- 1340 - 1350 PS12.2 **Selective serotonin reuptake inhibitors first trimester and congenital malformations**
Lars H Pedersen (DENMARK), TB Henriksen, M Vestergaard, J Olsen, BH Bech
- 1350 - 1400 PS12.3 **Fetal echocardiography in Iceland 2003-2007; indications and outcomes**
Sigurveig Þórisdóttir (ICELAND), H Harðardóttir, H Hjartadóttir, G Óskarsson, H Helgason, G Sigfússon
- 1400 - 1410 PS12.4 **The clinical impact of fetal magnetic resonance imaging on management of CNS anomalies in the second trimester of pregnancy**
Hashem Amini (SWEDEN), O Axelsson, M Raiend, J Wikstrom
- 1410 - 1420 PS12.5 **Complications during pregnancy and labour for women with epilepsy. A population based cohort study**
Ingrid Borthen (NORWAY), MG Eide, AK Daltveit, NE Gilhus
- 1420 - 1430 PS12.6 **Maternal infection during pregnancy – is it a risk factor for spontaneous preterm delivery in a low-risk population?**
Nils-Halvdan Morken (NORWAY), N Gunnes, P Magnus, B Jacobsson

1430 - 1440	PS12.7	Venous thromboembolism in pregnant and puerperal women in Denmark 1995-2005 <i>Rie Adser Virkus (DENMARK), ECL Løkkegaard, T Bergholt, U Mogensen, J Langhoff-Roos, Ø Lidegaard</i>
1440 - 1450	PS12.8	Self-reported smoking habits and serum cotinine levels in women with placental abruption <i>Minna Tikkanen (FINLAND), H-M Surcel, A Bloigu, M Nuutila, O Ylikorkala, V Hiilesmaa, J Paavonen</i>
1450 - 1500	PS12.9	Incidence and risk factors of fetal death in Norway <i>Linda Björk Helgadóttir (NORWAY), FE Skjeldestad, AF Jacobsen, PM Sandset, E-M Jacobsen</i>

1500 – 1530 Coffee break

<i>Chairs: Søren Brostrøm (DENMARK), Reynir Tomas Geirsson (ICELAND)</i>		Auditorium
1530-1700	PL04	Plenary 4 The gap between expectations and outcomes
1530 – 1615	PL04.1	Gynecological perspective <i>Speaker to be confirmed</i>
1615 – 1700	PL04.2	Obstetrical perspective <i>Ingela Wiklund (SWEDEN)</i>

1900 Gala dinner at Restaurant Langelinie Pavillon

FRIDAY 18 JUNE

<i>Chairs: Thue Bryndorf (DENMARK), Alda Birgisdottir (ICELAND)</i>		Auditorium
0900-1000	PL05	Plenary 5 New technologies and new horizons
0900 – 0930	PL05.1	Perinatal medicine in the future: Possibilities and illusions <i>Magnus Westgren (SWEDEN)</i>
0930 – 1000	PL05.2	What does reproductive biology have to offer for the future? <i>Claus Yding Andersen (DENMARK)</i>

1000 – 1045 Coffee break

<i>Chairs: Christina Damsted Petersen (DENMARK), Mette Haase Moen (NORWAY)</i>		Aud. 10
1045-1215	PS13	Parallel session 13 Vulvodynia
1045 – 1115	PS13.1	Psychological factors associated with perception of pain in women with vulvodynia <i>Michal Granot (ISRAEL)</i>
1115 – 1145	PS13.2	Physical evidence of pain sensitisation in women with vulvodynia <i>Nina Bohm-Starke (SWEDEN)</i>

1145 – 1215 PS13.3

Sexual impairment in women with vestibulodynia

Christina Damsted Petersen (DENMARK)

Chairs: Seija Grenman (FINLAND), Øjvind Lidegaard (DENMARK)

Aud. 11

1045-1215 PS14

Parallel session 14 NFOG Session: Environment and reproductive health

1045 – 1115 PS14.1

Semen quality of Nordic men and testicular dysgenesis syndrome: Implications for fertility rates

Niels-Erik Skakkebaek (DENMARK)

1115 – 1145 PS14.2

Environmental endocrine disruption of the ovary

Paul Fowler (UNITED KINGDOM)

1145 – 1215 PS14.3

Reproductive effects of environmental contaminants in circumpolar areas

Jon Odland (NORWAY)

Chairs: PO Janson (SWEDEN), Ellen Løkkegaard (DENMARK)

Aud. 12

1045-1215 PS15

Parallel session 15 Best Theses

Loop electrosurgical excision of the cervix and subsequent risk for spontaneous preterm delivery

Bugge Nøhr (DENMARK)

Assisted fertilization in Norway: safety of the reproductive technology

Liv Bente Romundstad (NORWAY)

Cervical cancer prevention - past, present and possibilities

Björn Strander (SWEDEN)

Vascular dilatatory function and cardiovascular risk factors in previous pre-eclamptic women

Katja Lampinen (FINLAND)

Aud. 11

1215-1245

Closing Ceremony
